DAVID'S CATERING

352-373-2002 OPTION #3

@DAVIDSBBQ

David's was an excellent choice for our wedding! We first met with Bobby, who wowed us at our first consultation with generous amounts of our customized choices for our wedding menu. Bobby's enthusiasm, care, and knowledge of wedding logistics, catering, and wedding decor are unmatched. He suggested trying a customized s'mores bar, which made our wedding more unique and was a huge success with our guests! Alicia is very responsive and does a wonderful job communicating and implementing those details (linens, centerpieces) that could otherwise be overlooked. On the day of our wedding, the tables were so beautiful, it exceeded all expectations of how we imagined it. David's staff treated my husband and I like royalty, always making sure we were fed and wined. It's always suggested that you choose your catering carefully for your wedding, and if you go with David's, you can be sure it will turn out excellent! They made our wedding so special, personal, and classy!" - Kim

"I first had a meal from David's at a Valentine's Day event I went to. I was floored at how amazing the food was. Bobby makes the best mashed potatoes and chicken and waffles!! I knew I would have them at my wedding. I set up a tasting and realized how much extra things you get over just a normal caterer. Bobby has an entire decor warehouse that you can use included with your catering package. I received SO MANY compliments about how amazing the food was. They catered my rehearsal dinner as well and my family and guests couldn't believe how amazing the food was. Many weddings I've been to had mediocre food and staff that seemed uncomfortable and stressed working. David's is not like that!! The food is impeccable. The staff is professional and fun. I can't recommend them enough! My guests are still talking about how great the food at my wedding was two weeks later!" - Sarah
